### PRODUCT INFORMATION

■ **Design & Construction:** 18 ga. stainless steel frame construction with welded vertical corner supports and 16 ga. stainless steel top. Installed on the top is a raised heated display case (Self-Service or Full Service). These units include a full length stainless steel undershelf, stainless steel removable front & end panels and 3" diameter adjustable casters.

■ **Design Features:** Heated display case has sliding rear doors, glass ends and curved glass front (Self-Service or Full Service). Undershelving is provided with a rear turn-up and is held short to create a utility access area without blocking the storage space.

#### ■ Display Merchandiser:

##### Standard Features:

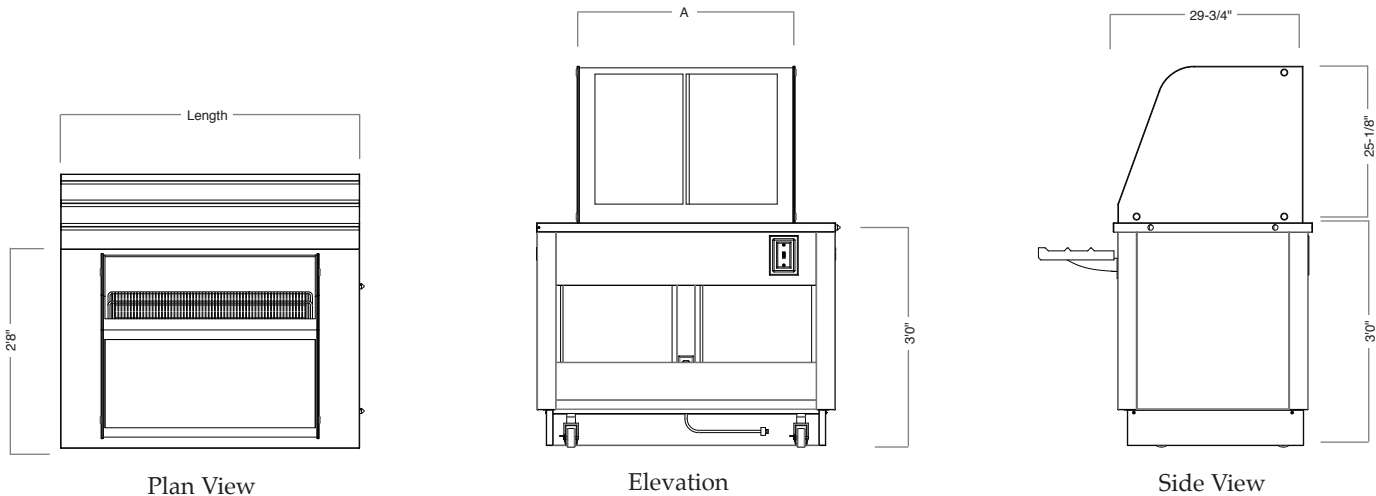

- Curved glass styling.
- Adjustable stainless steel heated shelves. Shelves are adjustable up and down and tilted in two positions. Two tiers.
- Tempered front and end glass.
