Mobile, adjustable, cantilever-type, self-leveling dispenser for trays, cups or glasses. For use in serving lines or at hot and cold beverage service points.

FEATURES

- Stainless steel construction with push handle.
- Lift-out panel for easy access to dispensing mechanism.
- Full base for sanitary protection and empty rack or tray storage.
- Three-side access for versatility of service.
- Rack/tray carrier always remains level.
- Unit readily field adjustable to different load rates without tools.
- Base extends to rear (2½") for stability.
- Non-marking soft rubber 4" casters.
- Optional correctional package available.

PRODUCT INFORMATION

■ DISPENSING SYSTEM:

Easily field adjusted to a wide load range. By connecting the self-contained extension springs, the spring rate can be increased in increments of 1 lb./inch. Stainless steel carrier cannot bind or tip.

■ CAPACITIES (ALL MODELS):

To 125 trays, 14 dozen cups, 12 dozen glasses.

Total Load Capacity (all units) — 250 lbs.

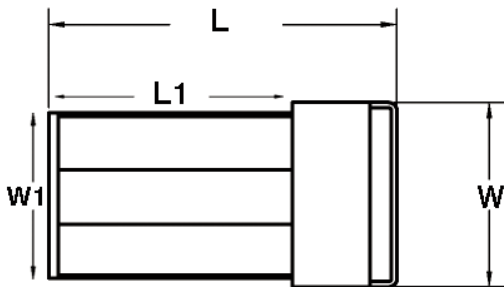

Vertical Storage — Standard: 27½";

23" travel + 4½" to top of upright.

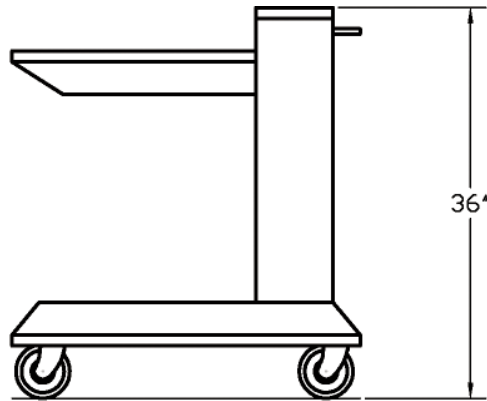

Optional 24½"; 20" travel + 4½" to top of upright.
